## Request for Qualifications for Professional Engineering Services

The Town of Murphy is seeking to replace approximately 25,000 linear feet of water and sewer lines in downtown Murphy, ranging in size from four (4) to twelve (12) inch asbestos cement/cast iron water to terracotta sewer. The project seeks to replace over 600 residential/commercial services, along with over fifty (50) fire hydrants.

The Town is projected to commence construction in the fall/winter of 2022/2023. The North Carolina Department of Transportation is milling and repaving downtown Murphy in the spring of 2023, and the Town is wishing to replace our aging water/sewer infrastructure before the NCDOT work begins.

RFQ submissions must include at a minimum:

- Individual or Firm information: firm's legal name, address, email and telephone number, the principal(s) of the firm, and experience and qualifications of the firm.
- Water/Wastewater Experience: The specialized experience and technical competence of the staff to be assigned to the project with respect to water improvements or related work, description of firm's prior experience, and at least three references within the past five years.
- At least one project experience that demonstrate firm's ability to design water boring across a prominent river.
- Experience working with Tennessee Valley Authority is recommended.

Services requested will be design, permitting, and bidding, and possible construction administration.

The above information should be submitted no later than 9 a.m. Monday, January 3, 2021 at Murphy Town Hall, P.O. Box 130, 5 Wofford Street, Murphy, NC. The RFQ can also be submitted via email to [manager@townofmurphync.com](mailto:manager@townofmurphync.com). For more information please contact Chad Simons, Town Manager at 828-837-2510, or at [manager@townofmurphync.com](mailto:manager@townofmurphync.com).
