

Committees

Originating from the Vision for Murphy Main Street, three committees have also been established to develop and guide specific actions related to Downtown Murphy.

Design Committee

GOAL: Work to create an inviting, inclusive atmosphere in Downtown Murphy while celebrating historic character.

Promotions Committee

GOAL: Work towards marketing Downtown Murphy's defining assets and communicate Downtown Murphy's unique features through storytelling.

Economic Vitality Committee

GOAL: Work towards building a diverse economic base and creating a catalyst for smart new investment, while growing locally-owned businesses with Downtown Murphy.

We are always looking for passionate community members who would like to participate in one of our committees. If you are interested, please [contact Laura Lachance](#), Downtown Development Director.
